

Fungi Displayed at the Fourth Annual Sicamous Fungi Festival

Albatrellus ovinus?
Amanita muscaria var. flavovolvata
Amanita porphyria
Armillaria spp. “Honey Mushrooms”
Boletopsis subsquamosus “Kurotake”
Boletus edulis “Porcini, Steinpilz, King Bolete, Sticky Bun”
Boletus mirabilis “Admirable Bolete”
Boletus pulverulentus?
Boletus zelleri
Cantharellula umbonata
Cantharellus subalbidus “White Chanterelle”
Chlorociboria aeruginescens “turquoise jewels”
Chroogomphus ochraceus
Cladobotrium sp. mold on Russula
Clavaria purpurea
Clavaria vermicularis
Clitocybe deceptive
Clitocybe dilatata
Collybia acervata
Coprinus atramentarius
Coprinus comatus “Shaggy Mane”
Cortinarius armillatus
Cortinarius cinnamomea
Cortinarius cotoneus
Cortinarius mucosus
Cortinarius pholideus
Cortinarius semisanguineus
Cortinarius subfoetidus
Cortinarius vibratilis
Cudonia grisea
Cystoderma sp.
Dacrymyces mesenterica “Orange Jelly”
Echinodontium tinctorium “Indian Paint Conk”
Entoloma sp.
Fomitopsis pinicola “Red-belt Conk”
Galerina sp.
Ganoderma applanatum “Artists’ Conk”
Geastrum triplex “Earth Star”
Gloeophyllum sepiarium “Gilled Polypore”
Gomphidius glutinosus
Gomphidius subroseus
Gomphus floccosus
Gymnopilus ventricosus? “Big Laughing Gymn”
Gyromitra infula Poisonous
Hebeloma crustuliniformis
Hebeloma sinapizans
Helvella lacunosa “Elves’ Saddles”
Hericium coralloides
Hydnellum spp.
Hygrocybe conica
Hygrocybe laeta
Hygrophoropsis aurantiaca “False Chanterelle”
Hygrophorus chrysodon
Hygrophorus eburneus “Cowboys’ Handkerchief”
Hypholoma fasciculare
Hypomyces chrysospermus parasite on boletes
Hypomyces lactiflorum “Lobster Mushroom”
Hypomyces lateritius
Hypsizygus tessulatus
Inocybe lilacina
Inocybe sp.
Jahnoporus hirtus
Laccaria amethysteo-occidentalis
Laccaria bicolor
Laccaria laccata
Lactarius affinis
Lactarius controversus
Lactarius deliciosus “delicious milky cap”
Lactarius glyciosmus smells of coconut
Lactarius kauffmanii
Lactarius pseudomucidus
Lactarius resimus
Lactarius torminosus var. nordmanensis
Lactarius uvidus
Leccinum aurantium
Leccinum scaber “Birch Bolete”
Leccinum sp.
Lepiota acutesquamosa
Lepiota clypeolaria deadly!
Lepista nuda “Blewitt”
Leptonia sp.
Lobaria pulmonaria “Lung Lichen”
Lycoperdon sp. “Puffballs”
Lyophyllum decastes “Fried Chicken Mushroom”
Marasmius oreades “Fairy Ring”
Mycena epipterygia
Mycena pura
Oligoporus caesius?
Oligoporus fragilis?
Otidia sp. cup fungus
Panaeolus semiovatus
Panellus serotinus “Winter Oyster”
Peltigera sp. “Frog Pelt Lichen”
Phaeolepiota aurea “Alaskan Gold”
Phaeolus schweinitzii
Phlogiotus helvelloides
Pholiota decorosa
Pholiota sp.
Pholiota squarrosa
Phyllotopsis nidulans
Piptoporus betulinus “Birch Polypore”
Polyporus badius
Psathyrella uliginosa
Pseudohydnum gelatinosum “Great Spirit Gummy Bear”
Ramaria gelatinosa poisonous
Rickenella fibula
Rozites caperata “Gypsy”
Russula brevipes
Russula cascadenensis
Russula lutea
Russula paludosa
Russula spp.
Sarcodon imbricatum
Sparassis crispa “Cauliflora Mushroom”
Stereum complicatum
Stropharia ambigua
Suillus cavipes
Suillus grevillei
Suillus lakei
Suillus luteus “Slippery Jack”
Suillus subolivaceus
Tricholoma flavovirens “Man on Horseback”
Tricholoma leucophyllum
Tricholoma magnivelare “Pine Mushroom”
Tricholoma pardinum poisonous!
Tricholoma saponaceum
Tricholoma vaccinum
Lepista brunneicephala
Tricholoma zelleri
Truncocolumella citrina
